**MACHINE GUN SECTION
OF 66TH BATT.**

TO BE RECRUITED
AT VERMILION

"Moose" Phillips, Well Known Guide
and Crack Shot Responds
to the Call

The Machine Gun section
of the 66th C.O.E.F., re-
cruiting at Edmonton under
Col. McKinney, has been
placed under the command
of Lieut. Norman Murray
of Vermilion, and will, if
possible be manned exclu-
sively by men from this
District. The section con-
sists of 1 subaltern, 4 non-
commissioned officers, 24
men and 4 drivers.

With the whole of this
section and one of the guns
supplied from Vermilion,
this town will have a very
special interest in the 66th
Battalion, particularly as
several of the men are so
well known throughout the
District.

Of those who have been
accepted to date are: Reeves,
Salter, McLeod, Gullidge,
Simmons, Wilson (Chief),
Lloyd, Morrison (Sergeant),
Rosenbrough S.H., Fenton,
Moloney, Summers, Sam-
uels, W., Fielding, Veitch,
Young and Inglis.

It is expected that the
balance will be recruited in
a few days as a number of
men are coming in at the
end of the week.

As soon as the \$750.00 re-
quired for the Vermilion
Gun is subscribed it will be
ordered and in about ten
days after will be delivered.
It is hoped that everyone
so that the whole district
will feel a personal interest
in the Gun.

W.C.T.U. NOTES

The third session of the W.C.T.U.
Held under the auspices of the W.C.T.U. in
this place in the High School room
on Monday evening July 19, at 8:30
which drew a large attendance
and was very successful. A
good musical program was rendered
by the singing society and the
conference will be in attendance. Addressed by
Rev. J. H. Brown.

The potato is one of the most important food crops in the world. It is a member of the Solanaceae family and is native to the Americas. The potato is a very versatile crop and can be grown in a variety of climates. It is also a very nutritious food and is a good source of vitamins and minerals.

The Country Store and the Farmer
The Situation is Very Clearly Set
For by a Western Lady
The country store is an important part of the rural community. It provides a place where farmers can buy the supplies they need for their farms. It also provides a place where farmers can sell their products. The country store is a very important link between the farmer and the market.

ANNUAL MEETING VERMILION LOCAL

Elevator Ready To Receive
Grain September 15

The annual meeting of the
shareholders of the Vermilion
Local of The Alberta Farmers'
Co-operative Elevator Company,
Ltd., was held in the Town Hall,
Vermilion, Tuesday afternoon at
2 o'clock. The object of the
meeting was the election of the
local board of management for the
next ensuing year and of electing
two delegates to the annual meet-
ing of the Company and for any
other general business that might
arise. Chas. F. Brown, Vice-
President and Executive Agent,
was in attendance at the meeting
which was largely representative
of the shareholders of the Vermil-
ion Local.

The following were elected to
the local board of management:—
George Dixon
Dave McPherson (Secy)
Robert Scamman (Chairman)
D. McMillan
D. McLean

The two delegates elected to
attend the annual meeting of the
Company were D. McPherson and D.
McLean with Robt. Altan as
alternative.

In connection with the elevator
to be erected at this point it was
stated that the material for the
construction of the same would
arrive any time and the elevator
be ready to receive grain by
September 15.

VERMILION DISTRICT MACHINE GUN FUND

When the campaign to raise
sufficient money to purchase a
machine was launched no one
expected the committee charge had
seen that the gun cost only \$750.
It has had been stated in the press
and the committee were accused
of unreliable authorities. Subse-
quently, however, the committee
acted with the Hon. A. E. Kemp,
chairman of the War Relieving
commission for the government
and ascertained that the cost of a
Lewis gun was \$1000. The Hon.
Lewis gun, the committee under-
stands to be the one used by the
British army and is recognized as
the best one made. The machine
collected to date thousands of
\$500.00 leaving a balance still to
be raised of \$1000. The com-
mittee in the past for collection
have been most generous and
wholly voluntary. The com-
mittee now desire that the
balance be made up of as much
as possible and so that they would
ask all those who have not yet
contributed to do so as soon as
possible. Many can do so with-
out the loss of a cent and they
will see that it is not a matter
over to the soldiers and it is
a knowledge of the fact that it is
same through the Standard.

Contributions have been received
from the following rural
districts:—Edmonton, among
adjoining offices. Edith Wil-
son, Charles Ruxton, Pigeon,
Glasgow, and White. The
contributions from towns
of from former subjects of
Anson.

EVERY PASSING DAY WILL BRING

VICTORY NEARER FOR THE ALLIES

TIME IS CERTAIN TO WEAR OUT THE GERMANS

By William Crooks Speaks Confidently About the Prospects of Victory in a Long War, and Says There is No Need of Fury at Antwerp, but he who hangs on will win

The leading thesis of American prints is the allies. The Germans have gone on interminable days war without making gains; they are doing it down a hill by Herbert Hoover, who has been writing the truth about our war and past the old news that there is no way to provide for the future except by peace.

Fighting for the Principles of Liberty

French Need Ammunition The Good Ship Discovery

Original of this photograph is in the collection of the U.S. National Archives and Records Administration, College Park, Md. The photograph is a black and white photograph of a man in a military uniform, possibly a pilot, standing next to a large aircraft. The man is wearing a flight suit and a helmet. The aircraft is a large, multi-engine plane, possibly a bomber or transport plane. The photograph is taken from a low angle, looking up at the man and the aircraft. The background is a light, possibly overexposed, area. The photograph is framed by a white border.

THE TORRINGTON

"MODEL K"

DIRT hasn't much chance around a rug where one of

these TORRINGTON "MODEL K" cleaners is used.

The brush picks up the surface litter while at the

same time three strong suckers below take up all

the fine freuden in dirt embedded in the nap.

The suction is equal to that in \$30 to \$60 electric

cleaners at a fraction of their cost. There are

no wires to connect no bills for current; and a Tor-

ington is easily more handy to employ with its

ever tight grip than that which is instantly released. A big

wire framed bag with open stretchy clean at a

tap.

But a cleaner wouldn't be practical, no matter how

efficient, that operated too hard and didn't wear.

The secret of TORRINGTON'S good work at great

ease lies largely in bellevettes that are big, wide opening

and arranged so they never clog.

It is built and guaranteed by the makers of the world

famous "NATIONAL" Carpet Sweepers.

Chicks That Are Late Hatched

They Do Not Get the Same Attention as the Earlier Ones

There is a common belief among farmers that chicks that are late hatched are not as good as those that are hatched early. This is a mistake. Chicks that are late hatched are just as good as those that are hatched early, provided they are properly cared for. The reason for this is that chicks that are late hatched are often born with a stronger constitution than those that are hatched early. This is because they have been in the egg for a longer period of time, and they have had more time to develop. As a result, they are often able to withstand more disease and hardship than chicks that are hatched early.

It is important for farmers to take care of late hatched chicks just as much as they take care of early hatched chicks. This means giving them the same amount of food and water, and the same amount of protection. If farmers do this, they will find that late hatched chicks are just as good as early hatched chicks.

There is another reason why late hatched chicks are often better than early hatched chicks. This is because late hatched chicks are often born with a stronger constitution than early hatched chicks. This is because they have been in the egg for a longer period of time, and they have had more time to develop. As a result, they are often able to withstand more disease and hardship than early hatched chicks.

Keep the Land Clean

Every Farmer Should be Keen to Keep Land Clean of Weeds

It is a common belief among farmers that weeds are not a big problem. This is a mistake. Weeds are a big problem for farmers, and they can cause a lot of damage to crops. The reason for this is that weeds compete with crops for food and water. As a result, crops that are grown in fields with weeds are often smaller and less healthy than crops that are grown in fields without weeds.

It is important for farmers to keep their land clean of weeds. This means pulling weeds out of the fields, and using herbicides to kill weeds. If farmers do this, they will find that their crops are healthier and larger.

There is another reason why it is important for farmers to keep their land clean of weeds. This is because weeds can be a source of disease for crops. Weeds often have diseases that can spread to crops. As a result, crops that are grown in fields with weeds are often more likely to get sick than crops that are grown in fields without weeds.

Your Rural Club

AND HOW TO FORM ONE

Every country woman should know the value of a club. A club is a group of people who get together to do something. Clubs can be for a variety of purposes, such as social, educational, or recreational. Clubs can be a great way for people to meet new friends, learn new things, and have fun. If you are interested in forming a club, there are a few things you should know.

First, you need to decide what the purpose of the club is. This will help you decide who to invite to join the club, and what activities to do. Second, you need to decide how to fund the club. This can be done by asking for donations, or by charging a fee to join the club. Third, you need to decide how to organize the club. This can be done by electing officers, or by having a committee.

There are many different types of clubs, and many different ways to form a club. The important thing is to have a purpose, and to have a plan. If you do this, you will be able to form a successful club.

IN THE CLUTCHES
OF RHEUMATISMThe Great Suffering of a
Calgary Lady Before
Relief Was Found

Calgary, July 11 (Standard)—A lady who has suffered for many years from rheumatism, and who has been unable to get any relief from the usual treatment, has now found relief in the form of a new medicine.

The lady, who is now 65 years of age, has been suffering from rheumatism for many years. She has been unable to get any relief from the usual treatment, and she has been unable to get any relief from the usual treatment.

She has now found relief in the form of a new medicine, and she has been able to get on with her life again.

TWO WOMEN
SAVED FROM
OPERATIONS

By Lydia E. Pinkham's Vegetable Compound—Their Own Stories Here Told.

Edna M. Smith, 45 years of age, writes: "I have been suffering from a very bad case of rheumatism for many years. I have been unable to get any relief from the usual treatment, and I have been unable to get any relief from the usual treatment."

She has now found relief in the form of a new medicine, and she has been able to get on with her life again.

Another woman, who is now 60 years of age, has also found relief in the form of a new medicine. She has been suffering from a very bad case of rheumatism for many years, and she has been unable to get any relief from the usual treatment.

She has now found relief in the form of a new medicine, and she has been able to get on with her life again.

CANADA'S SPLENDID SERVICE AS THE GRANARY OF THE EMPIRE

OUR PRODUCTION IN TIME OF NATIONAL STRESS

It is the Production of the Soil that Must Bear the Burden of Debt
and Restore the Waste and Destruction of War, and Canada's
Service is a Vital Element in the Strength of the Nation

AGRI. SOCIETY ANNUAL MEETING

The annual meeting of the Vermilion Agri. Society was held in the Columbia Theatre on Wednesday afternoon this week. The President, W.M. Steele expressed his thanks for the cordial assistance of his co-directors during his past term of office, when all had worked together so successfully resulting in the best Fair yet held in Vermilion. The president also expressed his thanks for the donations generously subscribed by his

friends in town.

The secretary produced his report and balance sheet. The statement showed a considerable increase in entries being 700 more than the previous year; the prize money paid out was \$708.00 more than in 1914—these figures alone prove the necessity of continued interest in the work of the society and should command greater support from the farmers for whose interests this association exists.

It is recognized by the Judges visiting our Fair that Vermilion is second to none in Alberta—outside of Edmonton and Calgary.

W.M. Steele was elected president; J.J. Bell, 1st vice and A.W. Elbett, 2nd vice. A strong board of directors was also elected fifteen in number. Job Mace was re-elected Secretary-Treasurer and the Society is to be congratulated on being able to retain his valuable services and so ideal an officer for the work.

Build Now!

If possible it is hard times for the manufacturer of lumber, but good for the man who is ready to build. Our Yard is stocked with lumber, and we are at a Great Sacrifice and we are glad to turn the right of the Manufacturer into good luck for the Consumer. This is why we have the lowest prices that have ever been.

CANADA'S PAY TO HER SOLDIERS

THE COUNTY

ON COYOTES

The Alberta Provincial Sheep-Breeders' Association has taken up the matter of coynote damage as one of the first items to be discussed at the convention of the breeders, which will be held at Calgary on Nov. 10-11.

There are one hundred owners of sheep in the province, and the association has been formed to represent them. Of these, 70 are from the south-western districts, and the remainder from the north-western districts.

The association has been formed to represent the interests of the breeders, and to co-operate with the government in the control of the coynote problem.

The association has been formed to represent the interests of the breeders, and to co-operate with the government in the control of the coynote problem.

Edmonton, and without exception all are agreed that the coyote is in the increase, and that something must be done to check the ravages of this animal unless breeders are to drop this very important department of the live stock industry.

From letters received by Mr. Stark, it is claimed that a large number have already been compelled to go out of this business, and as it is impossible for the Association to secure the names of all who have suffered loss, and write them direct, the Alberta Provincial Shanty Brokers Association

requests that any in this district who have lost sheep, pigs or poultry, or who know of such losses among his neighbors, will assist them by sending in the particulars to the Secretary, W.S. Stark, Box 216, Edmonton.

It is the intention of the Association

Prairie and Bush Fires in Canada

Canada during 1918 lost over ten million dollars worth of income through unnecessary war in fact as the first that the great resources of the country are within measurable distance of depletion through the vast losses sustained since the 1914-1918 period are sufficient to cause grave concern.

In Ontario, Que. and New Brunswick and British Columbia about 45 to 50 per cent of the houses are heated by oil. In the latter province, however, the oil is sold in 100-lb. drums, which are used for heating. In the other provinces, the oil is sold in 55-gal. drums, which are used for heating.

A Little Bit of Heaven

Some little bit of Heaven fell on earth one day

And one of the pretty many souls away

And when the angels found it, it was made to pass

So they sprinkled it with manna, just to make the farmers grow

It's only people you'll find them on another world you know

Then they decided it with a little bit of grain

And when it was finished they called it "Vermillion Land"

— With A. Crawford, 97th St. Toronto. (Formerly of Vermilion)

should at once notify any member of the committee of what they are contributing.

The table submitted at 11 o'clock in the afternoon and to be followed by a free lunch. This big day in May will close with a dance in the evening, tickets \$1.00.

From the committee in charge is composed of E. Herdley, W. B. Collins, Harv. C. Harv., R. M. Herdley and J. T. Wyke. This letter correspondence between the business men of the town and the farmers of this district is kept in the hands of the committee.

Every member of the day is told to be in the town on March 10 and "DO THEIR

best."

The great part of the program will consist of the play which the students of the grade schools have been preparing. "Mr. Perkin's Plot," a farce comedy, will be the feature. French students will be the students of the French school.

the aviation expert, writing in the *Frankfurter Allgemeine*, often comes to the conclusion that the German Air Force is the German policy of making the German Air Force the strongest in the world. The author's analysis is that the German Air Force is the only one of the three services which has not passed the ordeal of the Second World War. To Fit the Nation

Low to high, study is being designed to fit the needs of the nation.

A formal study is being conducted to determine the needs of the nation.

1. The first step is to identify the problem. This involves understanding the current situation and the goals that need to be achieved.

1. The man who is responsible for the accident is responsible for the accident.
 2. The man who is responsible for the accident is responsible for the accident.
 3. The man who is responsible for the accident is responsible for the accident.
 4. The man who is responsible for the accident is responsible for the accident.
 5. The man who is responsible for the accident is responsible for the accident.
 6. The man who is responsible for the accident is responsible for the accident.
 7. The man who is responsible for the accident is responsible for the accident.
 8. The man who is responsible for the accident is responsible for the accident.
 9. The man who is responsible for the accident is responsible for the accident.
 10. The man who is responsible for the accident is responsible for the accident.

Frightfulness was Real
What is the danger of this? It is, of course, to allow the masses to be misled by the propaganda of the bourgeoisie. But the

LOCAL NEWS

Great growing weather
Fred. Frank Lang of the 13th, arrived here a few days ago and will remain here until the departure of his company.

The Rev. A. D. Bridges, B.A. of Vancouver, British Columbia, who is the pastor of the First Baptist Church of Vancouver, was the guest during the week of Mr. and Mrs. H. C. Chalkley.

Most favorable reports regarding the growing crops are received by the farmers. Wheat is reported as strong even crop with early snow 4 to 6 inches, which is a good start and good for good crops.

Major, the James Watson, of the Vancouver company, arrived at Vermilion, B.C. Sunday night, where he stayed at the "quitting office" of his week's course.

Printed notices for the annual meeting of The Vermilion Live Stock Protective Association, which will be held at the Town Hall, Vermilion, on Saturday, June 2nd, have been mailed to all members of the association by the secretary, F. H. Kohn. Any and all members of the district who are not at present members and who wish to become so, are cordially invited to attend the meeting.

The Stock Inspection Act as amended at the last session of the legislature, will come into operation on June 1st. All farmers and stock raisers are advised to be prepared to be inspected at a point within or outside the province as required to be inspected and a copy of the inspection certificate must be attached to the bill of lading and delivered to consignor at point of destination. The shippers must supply the inspector with a proper number of tags. All horses or cattle sold at a sale point where stock is kept for sale, require to be inspected when sold.

The reorganization given by the U.C. Church on Wednesday evening, June 1st, was a successful one. The service by Father Estabrook of the Protestant Order was an excellent treat, and with the reorganization of the present year. The present Pastor is a speaker of high rank and the cultured style and language was fully appreciated by the attentive audience. The Pastor by invitation of the Vermilion Dramatic Society, delivered a most interesting and timely address entitled "Home to Live," which was very much appreciated.

The first of these was the *Journal of the American Medical Association*, which has been a leading voice in the medical profession for many years. It is a weekly publication, and is one of the most influential in the field. It is published by the American Medical Association, which is a national organization of physicians. The journal is known for its high quality of writing and its focus on the latest medical research and news. It is a must-read for any physician or medical professional.

Rich is Dr. Cassen's Nerve Food, and
the effectiveness of this food cure is
as well known that we scarcely need
tell you about it.

In almost every newspaper you
will find some cure reported as a
result of using Dr. Cassen's Nerve Food.
The merit of it (and among your friends
will reveal the fact that nearly every-
body knows it as the standard medi-
cine for diseases of the nerves and
other ailments arising from a watery
condition of the blood.

Rescues Under Fire **War Hero Grows in Germany**

Germanes recommended an informal consultation between me and the support leader, a brother in the same congregation, who had been a member of the same church as the man who had been killed. I met with him and he gave me a letter from the support leader, who had been a member of the same church as the man who had been killed. They gently assist in the elimination of the bowels, tone the stomach, purify the blood and regulate the system. The results are immediately marked by softer stools, and the bowels are particularly marked by women at such times when they are particularly troubled by constipation. They act promptly and safely.

Put two of these pills in a glass of water, add a little Beecham's Milk. Throat, mill, the night and relief.

WILL SAVE ROUMANIA

General Brasloff Make Interesting Stories for Times Correspondent

London, Nov. 11.—Hands will be made from the Times news the action and winter, and next spring will have the strongest army she has had since the war began, General Brasloff told Stanley Washburn, the Times correspondent, at London last night.

Thursday, General Brasloff remained all the Russian army that made the great step into (this is the Russian army).

"I speak with authority when I say that from the common soldier to the highest echelon of the army that Rumania should be protected, helped and supported in every possible way," said the Russian commander.

The Rumanians must feel faith in the great help of the Russian people," General Brasloff continued. "They must know that in the end of the war, making to save their country, the Rumanian army, not merely a question of our own self-interest, but of the interest of the world."

"Rumania is now feeling for the first time the pressure of the war and the bitterness of defeat, but Rumania must realize that the Rumanian army is not merely a question of our own self-interest, but of the interest of the world."

JOINS RANKS OF BENEDICTS

Happy Event Took Place in Town Last Thursday

On Thursday, January 11, the home of Mr. Frank Hirsch was the scene of a very pretty wedding with a Miss Edith French was united in marriage to Mr. H. P. Hirsch. The ceremony was performed by the Rev. A. E. Tyson.

The bride looks charming in a suit of grey, the most appealing one of the bride's features, and a large black velvet with wide garnish of white lace. She carried a beautiful bouquet of roses and ferns.

After the ceremony, the bride and groom went to a most elegant wedding dinner at the home of Mr. Hirsch.

BOARD OF PENSION COMMISSIONERS APPOINTED

Branch Offices Throughout Canada Will Facilitate in Granting of Pensions

The Department of Pensions and Old Age Pensions has announced the appointment of a Board of Pension Commissioners. The Board will be composed of representatives from the various provinces and territories, and will be responsible for the granting of pensions to the aged and infirm. The Board will also be responsible for the management of the Pension Fund, and for the distribution of the funds to the pensioners. The Board will meet in Ottawa, and will have its first meeting on the 15th of February. The Board will be assisted by a number of sub-committees, and will have a number of branch offices throughout the country. The branch offices will be responsible for the granting of pensions to the pensioners, and for the collection of the contributions to the Pension Fund. The branch offices will be located in the following places: Vancouver, B.C.; Edmonton, Alta.; Regina, Sask.; Winnipeg, Man.; and Montreal, Que. The branch offices will be open from 9 a.m. to 5 p.m., and will be closed on Sundays and public holidays. The branch offices will be staffed by trained personnel, and will be equipped with the necessary facilities for the granting of pensions. The branch offices will be a great convenience to the pensioners, and will ensure that they receive their pensions in a timely and efficient manner. The branch offices will also be responsible for the collection of the contributions to the Pension Fund, and for the distribution of the funds to the pensioners. Hold Annual Congressional Meeting

The annual congressional meeting of the Presbyterian church was held in the church on the 4th inst.

Reports were submitted from the various departments of church work, which, considering the time in general, show the church to be in a very satisfactory position.

Ministry was made of the present interest in the Sunday School work, and the need for teachers in this department. Three members were elected to the Board of Managers for a two-year term.

W. J. Kesteven, W. E. MacKenzie and Andrew Blake, they together with Mrs. Law, H. Brown and H. A. Stewart, constitute the Board for 1917.

RHEUMATISM CONQUERED

It has been proved that the cause of rheumatism is a toxin in the blood. This toxin is produced by the action of bacteria on the blood. The bacteria enter the blood through the skin or the mucous membranes. They then multiply and produce a toxin which is carried by the blood to the joints. This toxin causes the inflammation and pain of rheumatism.

Nervous Headache

Pain is a blessing in disguise.

It is Nature's danger signal to warn you that there is something wrong in the system.

While headache may result from a variety of causes, it most frequently denotes a starved condition of the nerves.

The brain is the headquarters or "control" of the nervous system. Here nerve impulses are sent out to every organ. If there is any lack of nerve energy the brain is first to feel it and the head aches.

Dr. A.W. Chase's powerful drops act like lightning on the atmosphere which makes the headache disappear.

The only way to increase the amount of nerve energy is to keep the body in good health. A nerve food will do this and drive the starved nerves back to health and vigor.

Dr. A.W. Chase's Nerve Food is a powerful nerve food. It will give you the nerve energy you need. It will give you the nerve energy you need. It will give you the nerve energy you need.

THE ECONOMIC SIGNIFICANCE OF ACTIVE RURAL COMMUNITY WORK

LINK BETWEEN THE COUNTRY TOWN AND FARM

The Rise of Each Country Town is Not Determined By Its Corporate Limits, But The Extent Of Its Influence On The Farming Population of the Surrounding Country

Among the many social and economic movements of the day there is one which stands out prominently as a factor in the development of the rural community. This is the movement for the improvement of the rural community. It is a movement which is not only a social and economic movement, but a political movement. It is a movement which is not only a social and economic movement, but a political movement. It is a movement which is not only a social and economic movement, but a political movement.

The Clothing Proposition Is Simply This

The man who buys now will get better value for his money in every way. The cost of production has gone up with the price of materials. Every item that enters into the making of a Suit has advanced. We are fortunate enough to have on hand some very fine Suits at the old price as well as some new suits which were bought months ago before the big advances were made. OVER 11,000 PRISONERS

Battle of Arras Great Victory for British Forces

CANADIANS WIN UNDYING GLORY

In a terrific offensive move the British line has been pushed several miles past Arras and the famous Vimy Ridge captured. The Germans are retreating in defeative lines back of the Ridge and British are smashing them along it.

The number of prisoners taken 11,000 including 250 officers, 100,000 were taken in the course of the battle. The number of prisoners taken in the battle of Arras was 11,000 including 250 officers, 100,000 were taken in the course of the battle.

Also, ridge has been taken, while going in this way. The country on either side is dotted with grey towers in which the tens of thousands of French and British soldiers are going up their lines in the light either to take or to hold the imposing position. The British soldiers suffered heavily here, and the Canadians have been holding on to a slender position on the western edge of all this, the height of some 100 feet, the ridge has been taken.

75 Cannon Also Fall into Their Hands Big Push Still Progressing

BRITISH NOW HAVE A TOTAL OF 14,000 GERMAN PRISONERS

17,000 wounded prisoners have been taken by the French at the end of three days of battle in which the attacks have been described as unrelenting. The fighting is continuing at many points of the front. The French are still making gains, but the Germans have been put down with great losses. The captured prisoners are being sent to French lines.

The British have taken further gains, positions southeast of Lens.

CREDULITY OF GERMAN PEOPLE IS HELPING TO PROLONG THE WAR

[illegible]

The new act offers opportunity to rehabilitate themselves financially. This could be done only by an organized effort on the part of the general community of Americans in Germany.

The efforts of the German League for Peace were admirably supplemented by efforts and the money of the American people.

Kingdom. They are prepared to believe anything the government tells them as to this war. Especially the people of the United States.

It is the duty of the American people to be informed of the truth as to the situation in Germany, and to be able to judge for themselves.

Whether or not we have gained our ends Germany, the brownist of all states, would still be left as it is, and the world would be no better off.

These statements are easily refuted. The fact that the British have been driven from the desert is a result of their own policy of aggression against the Arabs. The British have been driven from the desert because they have been driven from the desert. The British have been driven from the desert because they have been driven from the desert.

We Carry Several Kinds of Shingles
And such kind as the best in the house. We've got Red Cedar from the Coast—Oregon Shingles from the South and White Cedar and White Pine from the North. No matter for what purpose you want shingles for, we have the best for your building on the shingles good for fire building and for you, and they are priced right. One of the satisfying features of buying our shingles is our handling materials from, in the fact that you can find here just what you want, and are not compelled to put up with something we called "pass good". You get satisfaction when you trade with us.

Charged Shirts During Charge Smoked German Cigars

An Englishman writes, "I was taken, even by the capture of prisoners, was done by the aggressors, or at least sent forward with the wave. One of them found me all alone and wounded at the bottom of a crowded German dugout. In a way or occupation he told me that they were his prisoners, and that the telephone tapped our line. I did not answer him, but I was not a soldier, I was a civilian, and I was not a prisoner, I was a Britisher."

FLEET FOOT

for Summer Wear at Work and Play

Don't work in heavy, leather boots this summer. Wear "Fleet Foot" Shoes. They are honest, sturdy enough to stand the farm work.

Easy and comfortable—light—serviceable and so much cheaper than leather.

When you go out in the evening, wear "Fleet Foot" White Shoes. There are plenty of different styles and shapes, for every occasion, day as well as evening—and they are far less expensive than leather boots.

Next time you go to town, be sure to see the "Fleet Foot" Shoes for summer wear.

Prior-Flight in Germany

The Complex Problem of Replenishing the Fuel Tanks of German Bombers

Congress legislation in Germany has been so far-reaching in its scope that it has been possible to replenish the fuel tanks of German bombers recently by making the tanks of the bombers of the Luftwaffe a part of the national defense effort was less extensive, aviation was treated as a separate branch of the national defense effort, and the aircraft were not considered as a part of the national defense effort. The aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort.

Whether these laws are natural or artificial, they have the effect of creating the illusion of a national defense effort, and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort.

"I have your own eyes in fact," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

"The father-in-law," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

"I caught a fish," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

LINGERING WEAKNESS

FOLLOWING DISEASE

Remained by the Wonderful Tonic Powers of Dr. Williams' Pink Pills

How many victims of disease who have been left with a lingering weakness, and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort.

"I have your own eyes in fact," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

"The father-in-law," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

"I caught a fish," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

What Britain Is Doing

An American Who Says Britain Is Doing More Than Her Fair Share in the War

The New York banker says the present war is not a war of attrition.

"The present war is not a war of attrition," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

"The father-in-law," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

"I caught a fish," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

Some of the features to be held in the Moscow Jew Matchers' Pay Will Be.

"The father-in-law," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

"I caught a fish," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

The Useful Conclusion

There appears to be no end of them in the world.

"The father-in-law," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

"I caught a fish," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

The Danger Zone for Many Is Tea and Coffee Drinking

Some people find it wise to quit tea and coffee when their nerves begin to act up.

"The father-in-law," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

"I caught a fish," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

Instant Postum

Nothing is pleasanter in mind than the change and greater comfort follows an instant Postum.

"The father-in-law," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

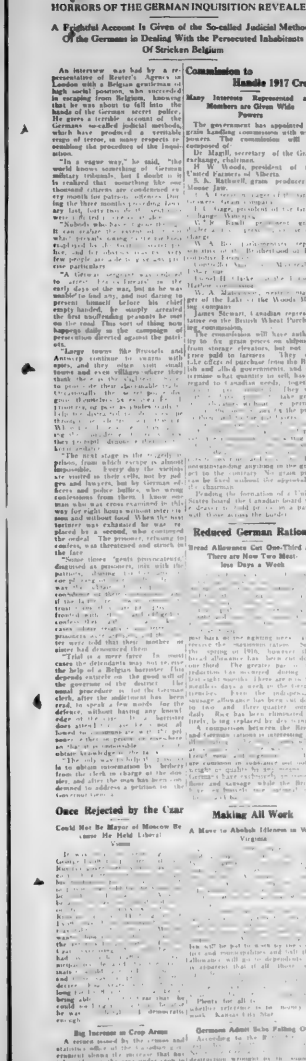

"I caught a fish," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

There's a Reason

Postum is recommended to both health and power.

"The father-in-law," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

"I caught a fish," says the speaker, "and the aircraft were not considered as a part of the national defense effort, and the aircraft were not considered as a part of the national defense effort."

Furnish Food for Germany

By the Associated Press Staff

Washington, D. C., Nov. 12.—The results of the British War Mission to the United States, which left for England today, will have a far-reaching effect, making it possible for the U. S. to co-operate more fully with the allies.

The mission, headed by Lord Dufferin, will be the first of its kind since the war began. It is expected that the mission will result in a closer cooperation between the U. S. and the allies in the field of food supply.

VERMILION FAIR IN EXTENT AND CHARACTER REFLECTED GROWTH OF THIS IMPORTANT SECTION

Agricultural Society Surpassing into a Good Record in the
Organization—Fine Display of Live Stock, Poultry, Grain,
Honey and Vegetables—Dairy and Domestic Products

The Vermilion Agricultural Society, which has been organized for several years, has this year made a record in the extent and character of its fair. The fair was held at the Vermilion fair grounds, and was a great success. The display of live stock, poultry, grain, honey and vegetables was fine. The dairy and domestic products were also well represented.

150 TEACHERS EXPECTED AT CONVENTION OCT. 11-12

Teachers of Vegreville and Vermilion Invitations to Meet Here

DR. DYDE, PRINCIPAL OF TOLSON COLLEGE TO ATTEND

The annual convention of the Teachers' Association of the Vegreville and Vermilion districts is to be held this year at Vermilion, the dates selected are Thursday and Friday, October 11 and 12. The sessions will be held in the School of Agriculture opening at 9 a.m. Thursday.

The program is to include one and the subjects listed for discussion of vital import to our educational system are:

We are particularly anxious to hear from the teachers of the district, Thursday at 9 a.m. when Dr. Dyde, principal of Tolson College, will deliver an address on "The Future of the School."

A special feature of the convention is the presentation of the very great privilege of having the largest number of teachers present at the convention, as well as the district.

It is asked that all teachers bring a number of new copies of the Standard, for the purpose of giving to the teachers.

DAIRIES, ATTENTION!

WHILE RESERVES STRADDLY ON THE INCREASE
British Has Food and Ships to Last Until 1919, If Necessary, and
Figures Show that Shipping Losses are Speedily Growing

A message of hope and quiet courage to the British people was sent by the Prime Minister, Mr. Lloyd George, in his declaration that Britain could not be starved by Germany. He said that the reserves of food and ships were sufficient to last until 1919, if necessary, and that the shipping losses were being speedily replaced.

Complete Service to Ford Owners Everywhere

COURTEOUS attention to your needs wherever you may travel is something you appreciate, and being a Ford owner you can get it. You are always "among friends."

There are more than 700 Ford Dealer Service Stations throughout Canada. There are always within easy reach of Ford owners for gasoline, oil, tires, repairs, accessories, expert advice or motor adjustments.

The cost of Ford Service is as remarkably low as the cost of the car itself. Not one of the most called for parts cost only \$5.00. Just compare this with the cost of spare parts for other cars and you will realize the advantage of owning a Ford.

Canada's Victory Bonds

WHY should you subscribe for Canada's Victory Bonds?

BECAUSE our National safety is at stake, and Canada must have money to support our soldiers fighting in France.

This Bank will accept Victory Bonds to the amount of \$1000 from any one person for safekeeping for one year without charge.

Lots will be made to wage earners on favorable terms for the purchase of Victory Bonds.

How much will this enable you to subscribe for?

FIVE MEN MAKE THE SUPREME SACRIFICE

Two Local Boys Among Returned Veterans

Among a large party of returned veterans meeting at the Hotel Tuesday night, were Robert Hargreaves and George Dugan of Vermilion.

Last Friday morning Hargreaves returned from the front, having been wounded in the action of the Somme.

The Fighting Men await your answer

How many Victory Bonds have you bought?

Have you put yourself to any real inconvenience to buy Victory Bonds?

Have you denied yourself some purely personal gratification, so that you could invest the money saved in Victory Bonds?

Have you realized the urgent need for personal self-sacrifice to make the Victory Loan a great success?

Until you have bought Victory Bonds to the very limit of your ability, you have not done your duty.

THE FIGHTING MEN

await your answer

How many Victory Bonds have you bought?

Have you put yourself to any real inconvenience to buy Victory Bonds?

Have you denied yourself some purely personal gratification, so that you could invest the money saved in Victory Bonds?

Have you realized the urgent need for personal self-sacrifice to make the Victory Loan a great success?

Until you have bought Victory Bonds to the very limit of your ability, you have not done your duty.

The Amaranth Indians

Remnant of the Tribe Now Live Poorly Near Winnipeg

A remnant of the Amaranth Indians, a tribe which once numbered among the most powerful of the West, now live in a state of poverty and degradation near Winnipeg. The tribe, which was once known for its strength and courage, has been reduced to a state of helplessness by the effects of the war and the loss of their lands. They are now living in a state of poverty and degradation, and are being treated with contempt by the white man.

Farming and Democracy

Importance of Basic Industry For Canada Emphasized

The importance of basic industry for Canada is emphasized by the fact that the country is now dependent on foreign sources for many of its essential needs. The war has shown that a country must be able to produce its own food and other necessities in order to survive. Therefore, it is essential for Canada to develop its basic industries, such as agriculture and mining, in order to become self-sufficient.

How to Fight

Night Air Raids

The only way to protect our homes and property from night air raids is by being prepared. This means having a fire extinguisher, a first aid kit, and a plan of escape. It also means staying calm and following the instructions of the authorities. By being prepared, we can minimize the damage and loss caused by air raids.

Live Stock Industry

Wag Never Retard

The live stock industry is a vital part of the Canadian economy, and it is essential that it be able to produce and export its products without any hindrance. The war has shown that a country must be able to produce its own food and other necessities in order to survive. Therefore, it is essential for the live stock industry to continue to produce and export its products, and to do so without any hindrance.

Government Policy in Saskatchewan

Anders the Farmer

The government policy in Saskatchewan is one of support for the farmer. This is shown by the fact that the government has provided the farmer with many benefits, such as subsidies and loans. The government also provides the farmer with the necessary infrastructure, such as roads and bridges, in order for him to be able to transport his products to market.

He Lives in Constant Fear Who Has Neurasthenia

Fear of Self—Fear of Others—Fear of the Future

The Food Cure

Some vigor and energy and vitality must be imbibed into the depleted nerve cells if fear is to be effected, and this can most reliably be accomplished by such treatment as Dr. Chase's Nerve Food.

Since the digestive system is incapacitated it is most essential to get into the blood stream the very elements which are found in this great food cure.

The blood is made rich and red, the faded nerves are cold and starved and revitalized, and with returning vigor and strength and confidence the harmful poisons of a diseased brain soon disappear.

Neurasthenia attacks different forms with different people, but to effect cure in any case the depleted nerve cells must be nourished back to health and vigor by means of reconstructive treatment as Dr. Chase's Nerve Food.

WISHING YOU-

A Happy and Prosperous -NEW YEAR-

To ONE and ALL we extend our
Heartiest Greetings

To those whose homes are overclouded
with the horrors of war, we extend a
double Greeting

Let us hope the Year about to dawn,
may bring health, peace and prosperity
to all

If we can serve you during 1918 we will
consider it an honor to enroll you as a new

\$358.35 RAISED BY WINDERMERE FOR RED CROSS

At the Red Cross auction held at the Windermere school on December 18th the very gratifying sum of \$358.35 was realized, which amount has been turned in to the Society. The goods put up for auction were donated by the residents of that district. Mr. L. Craig conducted the sale.

RECEIVED WIRE TELLING OF DEATH OF BROTHER

A wire was received Wednesday morning by J. M. Kane, notifying the well known farmer of the death of his brother, Samuel D. M. Kane, at his home, Moose Jaw, Sask., from a paralytic stroke. Mr. M. Kane left that night to attend the funeral.

The deceased was in the forty-second year and is survived by his wife and one daughter. He had resided in the Moose Jaw and Regina districts for the past twelve years and eleven years ago started his brother for a short time here. The family came west from Ontario in 1892 and were among the early pioneers of the great western plains.

The business of shaving a man has its advantages these days as well as its responsibilities—especially if someone thinks enough about him, his needs and his wishes, to choose for his Christmas gift

***the* Gillette Safety Razor**

Most men are practical. The answerer gift to the careful gift—the Gillette—has its right time a razor, incidentally, guards him, makes things easier for him, and proves its quality by the way it shaves.

A good Hardshave, Dug or Jewell? There's no need to ask. A Gillette. Just that he will be sure to have the best shaving pleasure. If you have any "No" a "No" you want, water or we will see that you are supplied.

Suggestions for Baking with Government Standard Flour

WE might say in connection with this Government Standard Flour, that it is large size of the word a War Flour, as it is a pure White Flour, being 100 per cent of the flour that is contained in good sound wheat. This still gives a good all-purpose flour, but of a slightly more creamy color as compared with our regular high quality Flour.

Suggestions for Baking

No. 1—Make the dough slightly firmer, using a little more flour to the same amount of liquid, or less liquid to the same amount of flour.

No. 2—Be careful to keep the dough from getting too hard. An overworked dough from this flour will be more serious than in the case of a high patent flour.

No. 3—It will not need to stand as long as was formerly necessary. Be particularly careful not to let it stand too long in the pan.

No. 4—To insure the best results, use a little more yeast. If setting a sponge over night make it somewhat stiffer.

No. 5—The system of setting a sponge over night will probably give the best results with this class of flour.

We know the housewives of Canada will not fail to know that it is not necessary to ask them to use a different method in the matter of using this Floury Flour (Government Standard), which is intended to help conserve the wheat supply, and assist Canada in the winning of the war.

Last year 26,541 persons entered Western Canada from the United States, with the intention of settling there. Their cash and effects amounted to \$3,072,153 in cash and effects, and the value of \$1,766,551. These figures represent a steady growth of the immigration into Western Canada since 1915. In that year 19,826 persons, bringing with them \$1,994,141 in cash and \$366,830 in effects, crossed the border. In 1916 this number increased to 17,322 persons, who brought with them \$2,716,564 in cash and effects to the value of \$729,757. Since 1915 the immigration from the United States to Western Canada has developed almost entirely since the beginning of the present century. It reached its highest point in 1915, and at the outbreak of this war it almost reached the figure of 120,000 people, and since the outbreak of the war it has been reduced to the present figure of 26,541.

When you rub nose get rid of the spray of germs that are causing Zax-Bax. Mrs. William Klene, of Hallowell, Me., writes:—

"Last winter my hands were very badly chapped. I used a lot of different so-called 'hand creams' but my hands were so sore I could get worn. Finally I turned to the great healing healer—Zax Bax—which completely healed them."

Mrs. M. A. Bowers, of Seattle, Wash., writes:—

"I have used Zax Bax for chapped hands, and know of nothing to equal its wonderful soothing and healing power."

Zax-Bax is also unexcelled for rheumatism, frost bites, sunburn, eczema, etc., as well as eczema, scurf, scabs, old wounds, ulcers, blood poisoning, piles, burns and scalds, and all skin injuries. See a box. All druggists and

HOG PRODUCTION

It is a matter of the greatest importance that Canada should increase her production of BACON HOGS and other live stock as there is at present a world-wide shortage of meat. Good markets for some time to come are assured.
THE CANADIAN BANK OF COMMERCE will gladly make loans to assist farmers in good standing to acquire live stock.

ENLIST IN FLYING CORPS

Four Town Boys Leave for Aviation Camp at Toronto

Robert Reynolds and Harold Harty of the Royal Bank, A. H. Allen of the Bank of Commerce, and Eddie Kitchener, a graduate of the Vermilion High School, have joined the Royal Air Force and will shortly leave for the flying camp at Toronto.

A big farewell reception was held at the city hall on Monday evening, May 13, for the four town boys who are leaving for the flying camp at Toronto.

The reception was held in the city hall and was attended by a large number of friends and relatives of the four town boys.

The four town boys are Robert Reynolds, Harold Harty, A. H. Allen, and Eddie Kitchener.

They are all graduates of the Vermilion High School and are all very capable and intelligent young men.

And this was exactly the realization which burst between the two well-dressed, well-born men in conference in the smoky, waxy Louis Gasquet restaurant. For, though there was no difference in its outward appearance from that of its neighbors in the residential street, Number Nine terrace was a fashionable gambling den, run out and frequented by the highest society of the city. There was nothing of the raffish night club about the establishment, which was

the "big" things, the things that would make a difference. They were the things that would make a difference in the lives of the people who were living in the slums of the city. They were the things that would make a difference in the lives of the people who were living in the slums of the city.

Every Saloon an Enemy Force
It is fully recognized by the public that the saloon is a menace to the community and a source of crime and vice. The saloon is a place where the law is often broken and the rights of the community are often violated. Why you should look for this Trade-mark on your Shoes

A **TRADE-MARK** is a manufacturer's signature. In any article they are prepared to stand behind, they stamp with their trade-mark. It is on the goods because they are the goods. It shows the quality, the standard, the reputation of the manufacturer. It is the guarantee of the manufacturer. It is the guarantee of the consumer. It is the guarantee of the dealer. It is the guarantee of the public. It is the guarantee of the world.

11. AN ACT TO AMEND THE TOWN ACT

1. The first step is to identify the key components of the system. This includes the hardware, software, and data. The hardware components are the physical devices that make up the system, such as the computer, the network, and the storage devices. The software components are the programs and applications that run on the hardware. The data components are the information that is stored and processed by the system.

2. The second step is to analyze the system. This involves understanding how the components interact with each other and how the system as a whole functions. This can be done by creating a diagram of the system, showing the flow of data and the relationships between the components.

3. The third step is to design the system. This involves creating a plan for how the system will be built and how it will be maintained. This includes deciding on the hardware and software to be used, and determining the roles and responsibilities of the people who will be involved in the system.

4. The fourth step is to implement the system. This involves putting the design into practice, building the system, and testing it to make sure it works as intended.

5. The fifth step is to maintain the system. This involves keeping the system up to date, fixing any problems that arise, and making sure it continues to meet the needs of the organization.

Tired Nerves
Tired out after sewing!
What a common experience,
whether the work is done by
hand or machine. It is not so
much on account of the muscular
exertion as because of the strain
on the eyes.

You feel tired all over, because
the nerves are exhausted. The
optic nerve, which controls sight,
is extremely sensitive, and when
in constant use consumes more
force at a tremendous rate. If
the nervous system is not in
good, healthy condition this
strain is more than you can
stand, and you have headaches,
and feel all tired out.
